CAREER OBJECTIVE

Motivated Full Stack Developer with strong knowledge of Node.js, Express.js, MongoDB, and REST APIs. Seeking a role where I can build scalable web applications and contribute to backend development and API integration.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Java, C++, Python (Basics)
 - **Backend:** Node.js, Express.js
 - **Database:** MongoDB, Mongoose
 - **Frontend:** HTML, CSS, JavaScript, React.js (Basics)
 - **Tools:** Git, GitHub, Postman
 - **Other:** REST APIs, JWT Authentication, JSON, API Testing
-

PROJECTS

AI Resume Analyzer (Full Stack Project)

- Developed a full stack application that compares Resume with Job Description.
- Extracted resume text from PDF using pdfjs-dist.
- Created a Flask AI microservice to calculate match score using TF-IDF and cosine similarity.
- Implemented authentication using JWT.
- Stored analyzed reports in MongoDB.
- Added features like Reports History, Download PDF report, Delete report, Search & Filter reports, and Graph visualization.

Tech Stack: Node.js, Express.js, MongoDB, Flask, Python, Chart.js

Meme Sharing Web Application

- Built a web application where users can upload memes, view memes, and like memes.
- Implemented CRUD operations and user authentication.

Tech Stack: Node.js, Express.js, MongoDB

Consistify - Daily Habit Tracking App

- Developed a habit tracking web application to help users maintain daily routines.
- Implemented reminders and streak tracking.

Tech Stack: JavaScript, Node.js, MongoDB

INTERNSHIP / TRAINING

Backend Development Training

- Learned API development, MongoDB integration, JWT authentication, and REST API testing.
-

EDUCATION

Bachelor of Technology / Bachelor of Computer Applications (Your Course Name)

(Your College Name)

Year: 2022 - 2026

ACHIEVEMENTS

- Solved multiple Data Structures and Algorithms problems.
 - Built multiple full stack projects using Node.js and MongoDB.
 - Strong knowledge of backend development and API design.
-

CERTIFICATIONS

- Node.js & Express.js Course (Self Learning / Online)
- MongoDB Basics Certification (Optional)

DECLARATION

I hereby declare that the above information is true to the best of my knowledge.
